Alternate Versions. Genesis Software Manual - [1992-02-24] (The Code Monkeys) (Partial) High quality scan of a portion of the manual, branded with “The Code Monkeys” watermark. This was useful when the Rex Sabio scans were the only complete manual, but the Sega Ozisoft scans are better quality.

System Documentation (Sega Mega Drive)

Sega Genesis Technical Manual - YM2612 section. Many years ago, there was a file called SEGA2.DOC which was a Mega Drive technical manual with a bunch of errors and some file corruption. A bit less long ago, a bunch of scans surfaced which seemed to exactly match, including a lot of hand-written parts corresponding to the more extreme errors; I transcribed and corrected the errors on this page.

Started in 1999, the goal of The Manual Project is to scan as many US video game manuals as possible. Once scanned they are posted here so that everyone may read them. To date over 400 NES and SNES manuals have been scanned and posted, and the project is now expanded to include works from other sites. All manuals can be viewed online using your web browser, and downloadable manuals are available in both .vlm and .pdf format.

Sega Genesis Manual - ImageEvent

Ever since the idea of hosting Genesis covers was put forth in a different section of this site, I've kind of wondered why there was no thread made for such requests. When the M.U.S.H.A. cover/manual thread came along, it basically put the idea in my head more firmly. So... In this thread, you can request manual PDFs and Genesis/MegaDrive cover art scans.
