Here is a 10 simple steps plan that anyone can use to invest in property. Let's get started; Step #1: Find your market. The first step you need to take is find your market which is your target area, the geographical location, of where you plan to buy an investment property. The best location of an investment property is within a 10-20 km radius from your home. The closer you are to your investment property, the better.

10 Steps For Beginner Property Investors | WMA Property

A new coat of paint can also make a huge difference in making a property look brand new instead of lived in. Curb appeal can also make or break a property, so investing in landscaping is a good idea as well. 7. Determine How Much to Charge. The first step of determining what your rental fee should be is checking in on the local market.
