The Kawasaki 800 SXR was one of the most revolutionary skis to hit the racing scene since the first Jet Ski was developed.

Kawasaki figured out from years of racing the 750 sx and sxi, that was smaller and lighter than the Yamaha SuperJet, that a larger heavier hull handles the rough conditions much better, and is easier to ride

This knob is on both my 1995 750 ST and my 1993 750 SS but I cannot find it anywhere in the parts diagram. I have been using the ski's for years without ever using it but I would love to know what it is. It's located on the front left side of the exhaust, connected to a cable running under the exhaust (can't see where it ends up), and
