the mxr 450 is in a class of it's own compared to the other 450's except the ktm 450 (more on that in a minute). it the same engine as the 525 irs but with 61 less cc's the 450 is a 449cc i think and the 525 is a 510cc. the only difference is the cylinder and piston being a smaller bore on the 450. so since you have a 525 irs you will know how the power is. almost exactly what the 525 is.
