A Golden Thread 2500 Years

Solar water-heater industries thrived in California in the early 1900's and flourished in Florida two decades later. These are but a few of the early applications of solar energy examined in A Golden Thread, whose authors trace the evolution of solar architecture and technology through 2500 years of Western civilization.

Pete Seeger once sang that if he had a golden thread, he would use it to weave people from all over the world to one another. That golden thread, for Pete, was music. Into that fabric Pete wove his call to action to preserve his beloved Hudson River, the song "My Dirty Stream." Born into a family of traveling musicians,
