Extract from A History of Scotland's Landscapes. By Fiona Watson with Piers Dixon. Published by Historic Environment Scotland. As the Romantic Movement grew, devotees often sought out foreign or remote landscapes. And there can have been few more Romantic travelling companions than Samuel Coleridge and Dorothy and William Wordsworth, who came to Scotland in 1803, paying homage to two Scottish literary giants in the Romantic tradition at the beginning and end of their tour.

Our finest landscapes have been designated as either National Scenic Areas or National Parks. These include some of Scotland's most famous areas, from the Cuillin Hills to the Cairngorms.

### *About Scotland's landscapes | NatureScot*

The Highlands are often portrayed as a romantic part of Scotland. This is not at all strange given the stunning unspoilt nature with rugged mountains, deep blue lochs and empty glens where majestic Red Deer rule the hills and Eagles rule the skies. Due to the ever and fast changing weather the Highlands have a mystical touch.

The geography of Scotland is varied, from rural lowlands to unspoilt uplands, and from large cities to sparsely inhabited islands. Located in Northern Europe, Scotland comprises the northern half of the island of Great Britain as well as 790 surrounding islands encompassing the major archipelagos of the Shetland Islands, Orkney Islands and the Inner and Outer Hebrides. Scotland's only land border is with England, which runs for 60 miles in a northeasterly direction from the Solway Firth in the w

Scottish history. Scotland has been populated for 12,000 years, and has a rich and complex history. In 43 AD the Romans successfully invaded Britain and fought frequently with the native Scots, called the Caledonians. From the 1200s to the 1300s the Scottish clan system became firmly established in the Highlands.
