them to be professional and reliable, providing a very good service and quality workmanship. I will continue to use ACS2000 on future projects and would happily recommend their services. "highly recommend" — Hayley Yendell – Heath Lane Nursery School. We were really impressed with ...

ACS 2000 LTD

The system architecture of the ACS2000 is simple: Every detection point and every track section has an assigned safe evaluation board. Since the individual boards are preconfigured, later adaptations are exclusively made via the hardware. That way no specific knowledge or software tools are needed for putting the system into operation. A multitude of preconfigured boards
