Source Code - Advanced Programming in the Unix Environment

Fortunately, they are readable on the iPad Air. In some titles the examples are just 8x8 bit maps, and worthless. It's a nice easy intro into more advanced programming. Beware, the first chapter is mostly a review of Unix history and standards, which I found almost lethally boring, maybe others find it interesting.

3 ed - Advanced Programming in the UNIX Environment ...

The classic guide to UNIX® programming-completely updated! UNIX application programming requires a mastery of system-level services. Making sense of the many functions-more than 1,100 functions in the current UNIX specification-is a daunting
