### African Americans and HIV/AIDS: Understanding and ...

African Americans and HIV/AIDS Understanding and Addressing the Epidemic Donna Hubbard McCree, Kenneth T. Jones, and Ann O'Leary, editors According to the Centers for Disease Control and Prevention, nearly half of the more than one million Americans living with HIV/AIDS are African Americans, despite the fact that they comprise only thirteen percent of the US population.

### African Americans and HIV/AIDS | SpringerLink

The poverty rate among African Americans is high. The socioeconomic issues associated with poverty—including limited access to high-quality health care, housing, and HIV prevention education—directly and indirectly increase the risk for HIV infection and affect the health of people living with and at risk for HIV. These factors may explain why African Americans have worse outcomes on the ...

### HIV and African Americans | Race/Ethnicity | HIV by Group ...

Among U. S. racial and ethnic minority populations, African American communities are the most disproportionately impacted and affected by HIV/AIDS (CDC, 2009; CDC, 2008). The chapters in this volume seek to explore factors that contribute to this disparity as well as methods for intervening and positively impacting the epidemic in the U. S. The book is divided into two sections.
