Ancient Egypt 39,000 BCE examines this evidence from historical and technical points of view, explaining who these prehistoric people were, what happened to them, why they built their civilization out of granite, and why they built a series of pyramids along the west bank of the Nile River.

Ancient Egypt 39,000 Bce: The History, Technology, and ...

"Ancient Egypt 39,000 BCE presents a cogent and insightful overview of competing theories that relate to the possible origins of ancient Egypt, along with compelling, new, specific evidence to suggest that its megalithic structures may be far, far older than traditionally accepted. There is much food for thought here--even for a seasoned student of the mysteries of ancient Egypt--well conceived and well presented."

Ancient Egypt in 2500 BCE belongs to the period known to modern scholars as the "Old Kingdom". The kingdom is governed by a ruling class of officials and priests. This group directs the lives of the people in the name of the pharaohs, god-kings who rule from their capital, Memphis. The Great Pyramids of Giza

Ancient Egypt in 3500 BCE - TimeMaps

His fourth book: Ancient Egypt 39,000 BCE: the History, Technology, and Philosophy of Civilization X, from his travels in Egypt, puts forth the evidence that ancient Egypt's magnificent pyramids, temples, and monuments are the remnants of a sophisticated civilization that was decimated by a global catastrophe that occurred 12,000 years ago at the end of the Ice Age.
