If not, take your normal TV remote control and point it at the Apple TV. Press and hold the Volume Up button until the on-screen progress bar is full. Do the same thing with the Volume Down button....

How to use Apple TV remote - Macworld UK

Control Your Television with the Apple TV Remote. The Volume buttons on the Apple TV remote don't do anything out of the box. They're meant to control the volume of your TV so that you don't have to use a separate remote, but you have to set that up. Go to **Settings > Remotes and Devices > Volume Control**, and then use the options there to set it up.

The Apple Remote is a remote control introduced in October 2005 by Apple Inc. for use with a number of its products with infrared capability. It was originally designed to control the Front Row media center program on the iMac G5 and is compatible with many subsequent Macintosh computers. The first three generations of Apple TV used the Apple Remote as their primary control mechanism. It has now been replaced with the Siri Remote in the fourth generation. Prior to the Apple Remote, Apple produce
