Art and Artist: Creative Urge and Personality Development

Art and Artist: Creative Urge and Personality Development is a book by Otto Rank. The book explores the human urge to create in all its complex aspects, in terms not only of individual works of art but of religion, mythology, and social institutions as well. Based firmly on Rank's knowledge of psychology and psychoanalysis, it ranges widely through anthropology and cultural history, reaching beyond psychology to a broad understanding of human nature.

Art and Artist: Creative Urge and Personality Development is one of the intellectual giants in the inner circle around Sigmund Freud. Along with Adler and Jung, Otto Rank was an artist. Art and Artist, his major statement on the relationship of art to the individual and society, pursues in a broader cultural context Freud's ideas on art and neurosis and has had an important influence on many twentieth-century writers and thinkers, beginning with Henry Miller and Anais Nin.
Artists enjoy the feeling of power that comes with creation, and they need the relief and catharsis that comes from creating something beautiful. Personality development could never replace this, since art is a means for the artist to express himself not create himself.
