The new U.S. Asia-Pacific maritime security strategy document begins: Recognizing the growing complexity of the Asia-Pacific region and its maritime domain for the security of the United States, the Department is focused on safeguarding freedom of the seas, deterring conflict and coercion, and promoting adherence to international law and standards.

**US Releases Asia-Pacific Maritime Security Strategy — Lawfare**

The United States has enduring economic and security interests in the Asia-Pacific region. And because the region - stretching from the Indian Ocean, through the South and East China Seas, and out to the Pacific Ocean - is primarily water, we place a premium on maintaining maritime peace and security. To that end, the Department of Defense has three maritime objectives in the Asia-Pacific region: to safeguard the freedom of the seas; deter conflict and coercion; and promote adherence to ...

Monday, August 24, 2015. Asia-Pacific Maritime Security Strategy. The Department of Defense has released its Asia-Pacific Maritime Security Strategy (APMSS) document. We just recently reviewed the DoD's National Military Strategy (NMS) document and decided that it was an utter waste of time and effort, contained absolutely nothing of value, totally failed to even meet the definition of a strategy, and was an embarrassment to our so-called professional military leaders.

Last week, the Pentagon released a new Asia-Pacific Maritime Security Strategy document outlining the Department's plan for ensuring the freedom of the seas and the broader security of the region. While the strategy is careful to not exclusively focus on the rise of China, the country's central role in U.S.

**Asia-Pacific Maritime Security Strategy — Tags — Lawfare**

This timely book offers a thorough investigation of the basic principles of American national security, naval strategy, the trajectory of U.S. maritime power since the 1980s. It shows how US Navy strategy and its fleet evolved, and where and when it was used in support of larger national (and in some cases international) security ends.'
