one and a second 900MHz, then have that talk to a PBX. This would allow you to just use the handsets.

Anyway to hack a 2.4GHz cordless phone to use over DSL for ...

The first one, wouldn't charge to get a dial tone on the phone, and the battery is discontinued. Shipped it back and the second one, the digital display on the clock radio, was defective and some of the numbers were missing on the display. After that, I sent it back and decided to get a different one.
