Automotive Mechanics By N K

Automobile Mechanics by Dr. N. K. Giri.

Book Summary: This book as might be inferred from the title, deals with the mechanics of the automobile and its systems and subsystems in a simplified manner. The essential description of the construction and principles of operation of the various components as a part of total vehicle system have been presented before treating the same mathematically.

Automotive mechanics repair cars and light trucks, and they perform maintenance work on vehicles to keep them road-worthy and to avert major repair bills for customers down the road. Sometimes called service technicians, they held approximately 759,900 jobs in 2016. About a third of these workers were employed by auto dealerships.
