Skills Worksheet Concept Mapping
Answers. Worksheet December 25,
2019 06:21. Concept mapping is a
simple method to achieve very
substantial levels of cognitive
performance, once the method is done
well. It can also be seen as the first
step in ontology-building, and can also
be used flexibly to represent formal
argument similar to argument maps.

Concept mapping as a learning strategy: Impact on undergraduate biology students' achievement, self-efficacy, and metacognition. Concept mapping is an active learning technique that involves representing connections between ideas in a diagrammatic way. Director of the Center for Excellence in Teaching and Learning at Morgan State University, Dr Catherine Martin-Dunlop has been carrying out research into the learning strategy to confirm whether it could be the key to improving the academic ...
