Sometimes the nation's art can seem overwhelmingly white – both in subject and artist. Here at Art UK we want to share with you some of our favourite black and British artists from the nation's art collection. The artists here all hail from relatively recent times, and have had a huge impact on the British art scene.

Ten black British artists to celebrate | Art UK

But some films then in black and white are, in a way, not all, but some are, self-consciously in black and white. It's kind of a-- on a spectrum of positive to negative, and negative it's more pretentious. And positive, it feels right, you know. But black and white has been hijacked also by advertising, and well, by everything really.

Choosing Black and White | Martin Scorsese Teaches ...

And black and white is the perfect palette to do so. It allows the artist to tease out contrasts and give the picture a certain intensity. Whether it's surrealist dreams, breathtaking cityscapes or aesthetic closeups, experience how light effects can lend depth to a motif.
