Launched in March 1998, the BMW 3-series E46 was an evolution of the E36 and proved a huge success for the company. Coupe and estate variants followed a year later with the convertible arriving in 2001 – the same year as the M3. The car was considered by many as setting the benchmark in its class when it came to performance and handling, that was thanks to the E46's near-perfect weight ...
