Grafting for dental implants. For the past 10
yr s, many of the questions raised in the
course of my hands-on cadaver, stay-
surgical operation, and lecture packages
have pertained to bone biology, graft
substances, membranes, bone harvesting, or
bone grafting. whilst it seems that most
practitioners nowadays have been
adequately trained in the technical factors of
setting implants, I find that many lack know-
how of the simple biologic methods that ...
