1.2 The factors that will help you build an NGO of good quality: 1. If you are clear about your goals, values and ethos; if you are clear about the field in which you are building your specialism; if you know what approach you are taking, whether advocacy or implementation, and if you find ways of making a recognisable name profile; 2.

How To Build A Good Small NGO - principles

Building a Better International NGO Summary Building a Better International NGO: Greater Than the Sum of the Parts? by James Crowley The increasing complexity and interdependence of international NGOs has brought to the surface concerns not only about performance but about the structural aspects of NGO management at a practical level in the quest for performance maximisation.
