Manual: Amazon.co.uk: Hughes ...

The Hughes-Hallet book is just junk, written by a committee of people, many of whom are unqualified. Hughes-Hallett herself does not have a Ph.D., and one of the main co-authors did not major in math in college and lacks an advanced degree. To make matters worse, the graphic design of this book is awful.

\$69 USD | \$99 CAN. The Calculus

Consortium's focus on the "Rule of Four" (viewing problems graphically, numerically,

symbolically, and verbally) has

become an integral part of teaching calculus in a way that promotes critical thinking to

reveal solutions to mathematical problems.

Calculus, 8th Edition - WileyPLUS
