2. Camel meat has a strong impact on the nerves and provokes them. Hence modern medicine tells the hot-tempered individual not to eat a great deal of camel meat. Doing wudoo' soothes and calms the nerves. By the same token, the Prophet (blessings and peace of Allah be upon him) instructed us to do wudoo' at times of anger, so as to calm down.

The vanA amplicons of the  
isolates from human and  
camel meat were homologous  
and clustered with a Chinese  
reference isolate sequence.

Conclusion: This study  
demonstrated that VRSA is  
present in camel abattoirs  
in Egypt. Zoonotic  
transmission between animals  
and human is probable and  
reflects both a public  
health threat and a food  
safety concern.
