Re: Canon TS9120 code 5011. 09-10-2019 10:59 AM. Thanks to poor design and quality of Canon printer, I found the cause, maybe it's the lamp of scanner out of work, when printer power on, the scanner need initializing self-check, the scanner head will move and lamp on to return GOOD signal to main board, now the lamp only had very dim green light (normally it should be bright white light), so return NG, initialize failed.
