The basic cartoon shape is a circle. Circle Is All You Need (besides Love, of course). It's from the circle that you define the basic proportions of your character's head. Once the circle is ready, it's time to trace the face axis. Draw a vertical and horizontal line intersecting at the center, like in the image below:

## Cartoon Fundamentals: How to Draw a Cartoon Face Correctly

3. The Body is a Pear! It's common practice among designers to use pear shapes - or similar objects - to build the body format, because of the association that generates inside everybody's head. Actually, this is a common technique among cartoon studios, since several different artists work on the same character and must maintain the correct
