FIVE CAUSES OF PROJECT DELAY AND COST OVERRUN, AND THEIR ...

One of the main reasons that cause budget overrun is underfinancing. Not allocating an adequate amount of budget to a project at the start will obviously lead to either budget overrun or failure. Assuming that a project will be a success, not allotting enough budget is downright wishful thinking.

6 Evident Reasons for Budget Overruns

When one makes this kind of price reduction without fundamental work reductions, they have created a cost overrun at the very beginning of a project. This liars contest also happens inside an organization. In this case, the project has to be sold to upper management, and one is competing with other organization managers for authorization.
