Certification and Security in Health-Related Web Applications

HSE proficiency courses (HSE level 1, 2 & 3) is the best safety certification to have - But it won't be best for an organization which expects a HSE officer to set up a Health and Safety structure, draw out a Health and Safety Plan, put procedures in place and still goes in to implement these procedures. A HSE professional with just HSE proficiency course certification may not be smart enough to do that, may find himself sweating inside a fully air-conditioned room; moreover the small ...
