Engine Light Is On: 2012-2018 Ford Focus - What to Do ...

If the seal is broken due to a loose or damaged gas cap, the vapor could be leaking into the fuel-tank system, which causes the check engine light to turn on. Does your engine need oil? If your gas cap is working properly, the next thing you should check is your engine oil level. A low oil level may cause your check engine light to turn on because driving with a low oil level can cause engine damage. Refer to your vehicle owner’s manual to find out how to check the engine oil.
