The Tudor Grantour watch collection is geared toward fans of motorsport. It is composed of three models, the highlight of which is the Tudor Grantour Fly-Back. As its name suggests, this watch includes a flyback chronograph that you can use to measure times of up to an hour. The ETA-based caliber 2892 is responsible for precise timekeeping.

### **Tudor Grantour | Chrono24.co.uk**

Created by Rolex founder Hans Wilsdorf, Tudor owes much of its initial success to its affiliation with Rolex. Tudor watches were originally intended as a more affordable alternative, offering the same quality and craftsmanship, but at a lower price point. Today, Tudor is flourishing as a popular watch brand in its own right.

### **TUDOR Prince Wristwatches for Men for sale | eBay**

The Tudor Black Bay Chronograph was first shown at Baselworld 2017, and right away it was the center of a great deal of attention and not a small amount of controversy. First of all, it was the very first Tudor chronograph to use the Breitling B01 chronograph movement, which was a startling move to say the least, and one which few if any outside Breitling and Tudor saw coming.
