Culture is what differentiates one group or society from the next. Different societies have different cultures; however it is important not to confuse the idea of culture with society. A culture represents the beliefs and practices of a group, while society represents the people who share those beliefs and practices.

~~Culture and Society | Boundless Sociology~~

Culture and society are intricately related. A culture consists of the “objects” of a society, whereas a society consists of the people who share a common culture. When the terms culture and society first acquired their current meanings, most people in the world worked and lived in small groups in the same locale. In today's world of 6 billion people, these terms have lost some of their usefulness because increasing numbers of people interact and share resources globally.
