The Developmental Reading Assessment (DRA) is an individually administered assessment of a child's reading capabilities. It is a tool to be used by instructors to identify a student's reading level, accuracy, fluency, and comprehension. Once levels are identified, an instructor can use this information for instructional planning purposes.

When reading with young children or looking at an unfamiliar book for the first time, you may want to ask questions that are easier for your child to respond to (like C, R, and Wh- questions). When reading with older children or looking over familiar books, you can begin to focus on more sophisticated questions (like O and D questions).
