Democracy, Accountability, and Representation

Hence, the structure of the argument we intend to examine is that (1) democracy is a system that enforces accountability (empirical hypothesis), because (2) democracy is a regime in which rulers are chosen by elections (definition), and (3) accountability is enforced by elections (empirical hypothesis). If all of this appears pedantic, hold on.

Accountability and Manipulation (Chapter 5) - Democracy ...

In this system, mechanisms of accountability had a central place. As a direct democracy, the Athenian political system was much simpler than modern representative democracies. In the latter, accountability can be discussed in terms of a threefold principal-agent relationship (see also the Introduction to the present volume).

Democracy, Accountability, and Representation (Cambridge ...

This book examines whether mechanisms of accountability characteristic of democratic systems are sufficient to induce the representatives to act in the best interest of the represented. The first part of the volume focuses on the role of elections, distinguishing different ways in which they may cause representation. The second part is devoted to the role of checks and balances, between the ...
