~~Democracy and the Media: A Comparative Perspective ...~~

Media democracy is a democratic approach to media studies that advocates for the reform of mass media to strengthen public service broadcasting and develop participation in alternative media and citizen journalism in order to create a mass media system that informs and empowers all members of society and enhances democratic values. Media is also defined as "medium" a way of communicating with others.

This volume focuses on the relationship between the media and European democracy, as important factors of EU legitimacy. The contributors show how the media play a crucial role in making European governance accountable, and how it can act as an intermediate link between citizens and their elected and unelected representatives.

~~Euroscepticism, Democracy and the Media—Communicating ...~~

Media is vital in generating a democratic culture that extends beyond the political system and becomes engrained in the public consciousness over time. The role of media in a democracy is as crucial as that of the politicians and should never be underestimated. Freedom of expression is critical to democracy

~~Role of media in democracy—Legal Desire~~

16 Media and Democracy mwengenmeir One key tenet of a liberal democracy , the dominant form of government today, is the separation of powers into the various independent branches of government, usually in the form of the legislature that makes the laws, a judiciary that interprets and applies the law and an executive that carries out the administration and operations of governing.

~~Media and Democracy—Media Studies 101~~

Media is the fourth pillar of democracy. Not only does it have to be transparent and unbiased but it also bears the responsibility of educating the masses and propagating reform in public opinion. It is also a platform for public discussion and exchange of opinions. It has the power to control and influence a nation’s political discourse.

~~Media Democracy—Communication Theory~~

A functioning democratic media would aim for transparency, inclusiveness, one-person-one-vote and other key concepts of democracy as principals of operation: "This is a media whose primary objectives are to inform, be open, independent and be accountable."
