With this new twist, readers became fascinated, not by the crime itself, but by its solution. To satisfy this desire to explore how a crime is solved, dozens of stories with detective heroes began to appear. What is often called the first detective novel, *The Moonstone*, by Wilkie Collins, was published in 1868. But several years before that, the female professional detective in fiction had already been born, even though in the real world the police force was entirely male until two women ...

~~Detective fiction and rise forensic science | English –~~

Detective Fiction and the Rise of Forensic Science. Ronald Thomas begins playfully enough, with acknowledgments to colleagues who are likened to a series of "equally culpable suspects" in a mystery story and with a dedication to his "partner in life if not in crime" (xvii, xviii). But readers will quickly recognize in this book a weighty contribution to the acclaimed interdisciplinary series, the Cambridge Studies in Nineteenth-Century Literature and Culture, under the general ...

In *Detective Fiction and the Rise of the Japanese Novel*, Satoru Saito sheds light on the deep structural and conceptual similarities between detective fiction and the novel in prewar Japan. Arguing that the interactions between the two genres were not marginal occurrences but instead critical moments of literary engagement, Saito demonstrates how detective fiction provided Japanese authors with the necessary frameworks through which to examine and critique the nature and implications of ...

This is a book about the relationship between the development of forensic science in the nineteenth century and the invention of the new literary genre of detective fiction in Britain and America. Ronald R. Thomas examines the criminal body as a site of interpretation and enforcement in a wide range of fictional examples, from Poe, Dickens and Hawthorne through Twain and Conan Doyle to Hammett, Chandler and Christie.

~~Detective Fiction and the Rise of Forensic Science –~~

Throughout much of the 20th century, American detective stories were set primarily in a mere handful of locales: New York City, Los Angeles, San Francisco, and to a lesser extent, Chicago and Miami. As a result of escalating crime rates during Prohibition, post-World War II population shifts to the suburbs, and increasing poverty and violence in the inner cities, readers and authors alike were persuaded that the largest U.S. metropolitan areas—complex, contradictory, and prone to alienate ...

~~1970s Crime Fiction and The Incredible Rise of Regional –~~

Detective fiction is a subgenre of crime fiction and mystery fiction in which an investigator or a detective—either professional, amateur or retired—investigates a crime, often murder. The detective genre began around the same time as speculative fiction and other genre fiction in the mid-nineteenth century and has remained extremely popular, particularly in novels. [1]

fiction from the1920s through the 1960s. Beginning by using a forum on the KKK in the pulp magazine *Black Mask* to describe both the economic and political culture of pulp fiction in the early twenties, McCann locates the origins of the hard-boiled crime story in the genre's conflict with the racist antiliberalism prominent at the time. Turning his focus to Dashiell Hammett's career, McCann shows how Hammett's writings in the late 1920s and early 1930s moved detective fiction away from ...
