To understand the cult of Dionysus, it is necessary to reimagine the original vision of the god. Otto challenges us to understand the power of this vision not as a bloodless abstraction but as a force animating belief, to see the myth and art of Dionysus as a passionate search to regain the power of the lost god.

The Cult of Dionysus was strongly associated with satyrs, centaurs, and sileni, and its characteristic symbols were the bull, the serpent, tigers/leopards, the ivy, and the wine. The Dionysia and Lenaia festivals in Athens were dedicated to Dionysus, as well as the Phallic processions. Initiates worshipped him in the Dionysian Mysteries, which were comparable to and linked with the Orphic Mysteries, and may have influenced Gnosticism. Orpheus was said to have invented the Mysteries of Dionysus.

Review: Dionysus: Myth and Cult by Walter F. Otto. "Dionysus was the god of the most blessed ecstasy and the most enraptured love. But he was also the persecuted god, the suffering and dying god, and all whom he loved, all who attended him, had to share his tragic fate."

Review: Dionysus: Myth and Cult by Walter F. Otto

Lycurgus, king of Thrace, forbade the cult of Dionysus, whom he drove from Thrace, and attacked the gods' entourage when they celebrated the god. Among them was Ambrosia, who turned herself into a grapevine to hide from his wrath. Dionysus, enraged by the king's actions, drove him mad.

Ambrosia - Wikipedia

Dionysus, also spelled Dionysos, also called Bacchus or (in Rome) Liber Pater, in Greco-Roman religion, a nature god of fruitfulness and vegetation, especially known as a god of wine and ecstasy. The occurrence of his name on a Linear B tablet (13th century bce) shows that he was already worshipped in the Mycenaean period, although it is not known where his cult originated.
