sclerology eye chart | iriscope | iridology camera ...

In general, sclerology refers to an alternative medicine practice that relies on examining the sclera for clues to overall health. These clues can involve the overall shape or color of the sclera, as well as the presence and pattern of red lines in the sclera. Sclera is the medical term for the white part of the eye.

eBooks; Your eyes reveal the health of your body. Iridology is the examination and analysis of the coloured portion of the eye called the iris. The fiber structures that make up the iris are actually nerve fibers, and these nerves reflex to every part of the body. By assessing the fibers and colors, we can learn a great deal about our hereditary, weaknesses in organs and the areas of the body ...

Sclerology readings and examinations are far from intrusive, in fact we don't even touch your eye. I've always had a funny feeling about eyes – can't even watch people put in contact lenses. However Sclerology, you've got me hooked. During your sclerology session we take images aka photos of your eye while you look in different directions so we can capture the different angles. You ...
