more volatility. This can include shifting goals and priorities, having limited resources, a greater reliance on special skills or technology, and so on.

Traditional Project Management vs Agile Project Management

The Traditional Project Management Methodology is the complete methodology for ongoing projects in a sequential cycle: initiations, planning, executing, monitoring, controlling and closing. It works best for the projects which can be completed in one sequence. It completes the successful delivery of the project in time and low budget. Advantages of traditional project management methodology

1. Cost Effective
