NICEIC provides assessment and certification services for contractors working across the building services sectors. We assess electricians, renewable energy installers, plumbers and gas and heating engineers.

Homepage NICEIC

Under-floor background heating is supplied by off-peak reduced tariff electricity using electric cables installed in the floors. The City Corporation, in its role as Landlord, will provide, in so far as is practicable, electric under-floor heating during the "heating season" which runs from 1 October to 30 April, but some flexibility is allowed in exceptional weather conditions.
