Grammar Instruction has an important role to play in helping students to speak and write more effectively. The purpose of this study was to examine the effects of direct grammar instruction on the quality of student 's writing skills. The participants in this study included 18 fifth grade students and two fifth grade teachers.

~~Effect of Direct Grammar Instruction on Student Writing Skills~~

Flipped learning of the target structure prior to lesson – Student-led inquiry on how certain grammar rules work prior to classroom instruction is a great way to enhance student learning – provided the target structures are relatively simple and within the developmental grasp of the learners. This can be done through inductive learning whereby the students are given examples of the target structure and are asked questions to answer by doing some autonomous research.

~~Grammar teaching | The Language Gym~~

Grammar Skills: A new approach to grammar teaching. Grammar Skills are new units, or "skills," that provide targeted grammar instruction and practice, using implicit and explicit teaching. These skills are designed to make grammatical patterns more salient — that is, more noticeable. They can be found throughout the course, especially just after the grammatical concept has been introduced implicitly in other skills.
