Ethics and Morality - Psychology Today

Ethics are distinct from morals in that they ' re much more practical. An ethical code doesn ' t have to be moral. It ' s just a set of rules for people to follow. Several professional organizations (like the American Bar Association and the American Medical Association) have created specific ethical codes for their respective fields. ...

What's The Difference Between "Morals" vs. "Ethics" -

Descriptive Ethics is a value-free approach to ethics which examines ethics from the perspective of observations of actual choices made by moral agents in practice. It is the study of people's beliefs about morality, and implies the existence of, rather than explicitly prescribing, theories of value or of conduct. It is not designed to provide guidance to people in making moral decisions, nor is ...

Ethics - By Branch / Doctrine - The Basics of Philosophy

The word "ethics" is derived from the Greek word ethos (character), and from the Latin word mores (customs). Together, they combine to define how individuals choose to interact with one another. In philosophy, ethics defines what is good for the individual and for society and establishes the nature of duties that people owe themselves and one ...
