Everblaze Keeper Of The Lost
In Book 1: Keeper of the
Lost Cities, Sophie bottles
the Everblaze with Lumenite
and gold, in a short, round
bottle with a fluted neck
and a wide opening, in
comparison to other fire-
catching bottles, which are
long and thin. This results
in a tribunal for illegally
leaping to the Forbidden
Cities. In book three,
Fintan ignites the Everblaze
when Sophie is in the
process of healing his mind.

another fast-moving fantasy adventure that will particularly appeal to independent-minded tween girls, thanks to a 13-year-old heroine who, when she's not trying to save her world and protect her loved ones (including a winged horse), also is dealing with such familiar issues as mean girls at school. Faint stirrings of romantic competition among three boys.
