Aircraft Operations Manual Of Fokker 100

During the last few decades the Fokker aircraft types have gained a reputation for structural durability, operational versatility and cost-effectiveness. Continuous product developments and a zero-tolerance policy for obsolescence management ensure compliance with new legislation and contribute to a reliable operation. Today, Fokker aircraft are flown worldwide by a variety of operators under ...

Fokker Aircraft - Fokker Services

The Fokker 100 is a medium-sized, twin-turbopfan jet airliner from Fokker, the largest such aircraft built by the company before its bankruptcy in 1996. The type possessed low operational costs and initially had scant competition in the 100-seat short-range regional jet class, contributing to strong sales upon introduction in the late 1980s. An increasing number of similar airliners were ...
