Free! Why \$0.00 Is the Future of Business | WIRED

The trick to doing Free or Freemium business models right is to ensure that the product/service that you are giving away free is of very high value to the customer, which should result in both high customer satisfaction and a likelihood that they will tell others about your product/service, leading to viral effects. The usual temptation is to stop short of this, and take out the valuable features that would make the product interesting and valuable.

The Power of Free — For Entrepreneurs

From free ads and services to gift card campaigns, many platforms are offering cost-effective opportunities to businesses struggling amid COVID-19. — Getty Images/CASEZY Many small businesses are just trying to survive the lockdown, pivoting to sell to customers at home and re-allocating resources to support employees as much as possible.
