Free Trade under Fire: Fourth Edition. Growing international trade has helped lift living standards around the world, and yet free trade is always under attack. Critics complain that trade forces painful economic adjustments, such as plant closings and layoffs of workers, and charge that the World Trade Organization serves the interests of corporations, undercuts domestic environmental regulations, and erodes America's sovereignty.

Free trade is always under attack, more than ever in recent years. The imposition of numerous U.S. tariffs in 2018, and the retaliation those tariffs have drawn, has thrust trade issues to the top of the policy agenda. Critics contend that free trade brings economic pain, including plant closings and worker layoffs, and that trade agreements serve corporate interests, undercut domestic ...
