Orientalism, 1978. Edward Said's evaluation and critique of the set of beliefs known as Orientalism forms an important background for postcolonial studies. His work highlights the inaccuracies of a wide variety of assumptions as it questions various paradigms of thought which are accepted on individual, academic, and political levels. The Terms. The Orient signifies a system of ...

Orientalism is a 1978 book by Edward W. Said, in which the author establishes the eponymous term "Orientalism" as a critical concept to describe the West's common, contemptuous depiction and portrayal of "The East," i.e. the Orient. Societies and peoples of the Orient are those who inhabit the places of Asia, North Africa, and the Middle East. Said argues that Orientalism, in the sense of the ...

"From Orientalism to Postcolonialism: Asia, Europe and the Lineages of Difference offers a series of rich, insightful, and probing reflections on the contemporary state of postcolonial theory. Taken as a whole, the book is a fitting homage to Foucault's great insight concerning the inherently distortional nature of all classification. The essays collected here urge us to confront the ways in ...
