Football hooliganism or soccer hooliganism is disorderly, violent or destructive behaviour perpetrated by spectators at association football events. Football hooliganism normally involves conflict between gangs, in English known as football firms (derived from the British slang for a criminal gang), formed to intimidate and attack supporters of other teams.

Football hooliganism - Wikipedia

Dunning offers a weak functionalist argument to explain football hooliganism, he tells us that hooligans are uncivilised, yet he does not explain why these people are uncivilised or what is the cause of this uncivilisation. I believe that Dunning ' s work remains an interesting analytical device which still has a few strengths.

Evidence suggests that certain projects have improved the relationship between hooligans, clubs, youth workers and the police, and have prevented young fans from identifying with football hooliganism (Bieleman, De Jong, Naayer and Nijboer, 2004). But there are also hooligan groups who don ' t want to be in a fan club.

A Study On Football Hooliganism Sociology Essay

From a Marxist standpoint he argued that the emergence of football hooliganism reflected the changing nature of the sport itself and, in particular, the changing role of the local club as a working class, neighbourhood institution.

Football Violence in Europe - Theory

Functionalism, in social sciences, theory based on the premise that all aspects of a society—institutions, roles, norms, etc.—serve a purpose and that all are indispensable for the long-term survival of the society. The approach gained prominence in the works of 19th-century sociologists, particularly those who viewed societies as organisms. The French sociologist Émile Durkheim argued ...

Functionalism | social science | Britannica

Functionalism emphasizes the consensus and order that exist in society, focusing on social stability and shared public values. From this perspective, disorganization in the system, such as deviant behavior , leads to change because societal components must adjust to achieve stability.

Functionalism & Functionalist Perspective and Theory

As World Cup fever sets in, increased hooliganism and football related violence are legitimate international concerns. Previous research has linked sports-related hooliganism to ' social maladjustment ' e.g. previous episodes of violence or dysfunctional behaviour at home, work or school etc.
