The answer –
nature or
nurture –
depends on the
question. Take
sex and gender.
The genes that
govern gender
identity are
hierarchically
organized,
Mukherjee
argues. At the

Acces PDF Gender Nature And Nurture

top, nature acts alone. A variation in a single chromosome determines whether our sex is male or female.

Lippa, Richard A
: Free ...

The two main arguments are either gender is innate or it has been learnt.

These two different perspectives represent a famous debate that occurs throughout

Acces PDF Gender Nature And Nurture

psychology: the nature-nurture debate. The nature side of the debate states that gender is biological. This would explain the strong relationship between the person's sex and their gender.
