Re: Honda GX390 wont stay running  
Yeah, just went thru that with a GX340  
engine on my pressure washer - the  
thing acted like a fuel problem. It  
would start and run OK at idle, but  
under load it would run maybe 15-20  
seconds and die - if I was quick  
enough, choking it would  
SOMETIMES keep it from dying.
