Now it's time to find out how these things work. Vinay Trivedi peels back the mystery of the Internet, explains it all in the simplest terms, and gives you the knowledge you need to speak confidently when the subject turns to technology. First launched and showcased at SXSW in 2014, How to Speak Tech is back. This revised second edition employs the strategy of the popular first edition: through the narrative of setting up a fictitious startup, it introduces you to essential tech concepts.
