But I Just Want to Cry! It is important for us to point out that there is nothing wrong with crying. It is not a weakness nor a flaw. When we discuss how to "control" and "prevent" crying for those that have anxiety, we are not implying that you should hold it all back.

Here is Why You Cry for No Reason

Lack of sleep can contribute to depression and lead to an increase in suicidal thoughts. Try to regulate your sleep, aiming for eight hours a night. If you find yourself without any energy and sleeping most of the day, it is important to get up and try to do something active. Even if it feels, like the last thing in the world you want to do.
