Book Presentation: Strategy Implementation Implementation Of The Strategic Roadmap
A strategy roadmap is not a visual Gantt chart of activities with start dates and end dates. It describes what the organization must change, and why the changes are required, in order to achieve the strategic vision. An execution plan describes how the organization will deliver the outcomes described in the strategy roadmap. Often, an execution plan is represented in a Gantt chart with a specific timeframe, start and end dates, milestones, and resource allocation.
